Double pitch awning

From £1,619.99

This awning has a unique double pitch, which is a great solution to locations that only allow for a low mounting position and doors that open outward. By extending the awning straight out from the casing for the first half, it allows sufficient headroom for doors to open underneath. The steep 20 degree pitch gives the necessary shading. Perfect for balconies.

Choose from a wide selection of Acrylic fabrics or PVC options.

Awning lights and heaters are also available.

When closed the awning is fully protected from the elements in a metal casing which helps prolong the life of the fabric.

- Frames are powder coated in white
- Electrically operated using a Somfy motor and remote control
- 5 year warranty
- 3.5m - 6m widths
- Max projection 3m
